

Cardiology Report: Electrocardiogram (ECG)

In accordance with Board Policy 2431 Interscholastic Athletics, as part of the middle and high school athletic packets, The School Board of Brevard County, Florida is requiring each student athlete wishing to participate in middle school and/or high school athletics, to have an electrocardiogram (ECG) screening prior to participating in his/her first athletic sport in middle school. An athlete who had an ECG screening prior to participating in his/her first athletic sport in middle school would need a second ECG screening prior to participating in his/her first athletic sport in high school, unless a previous ECG screening was completed within the preceding 365 days. An athlete who did not participate in middle school athletics, and therefore had not had a previous ECG screening, would need to have an ECG screening prior to participating in his/her first athletic sport in high school.
