ELECTRONIC DEVICE CHECK OUT FORM

Odyssey Charter School, Inc.

7012 - Electronic Device Check Out Policy

Odyssey Charter School, Inc. ("OCS") may provide laptops, tablets, and other electronic devices to some students. Electronic devices that are checked out to students are the sole responsibility of the student and the parent/guardian. Students must bring back the electronic device in the same condition it was in when checked out, absent normal wear and tear. Lost, stolen, or damaged devices will result in the parent/guardian being charged the replacement or repair costs. Further students are required to abide by the following policies:

- Each student and their parent/guardian must sign and return this form to OCS and agree to be bound by its terms.
- Electronic devices must be returned no later than the date indicated on this form. A late fine of \$15 may be charged for devices that are returned late. The parent/guardian will be charged the full replacement cost (up to \$800) for any device that is damaged or not returned.
- OCS electronic devices may only be used for academic purposes.
- Electronic devices must not be used for recreational purposes.
- Once off the school property, these devices do not have any school internet filters.
 Students are only allowed to access school-related resources. Students are prohibited from using any OCS electronic device to access obscene, inappropriate, or illegal content. The use of an electronic device for any improper purpose may result in disciplinary action being taken against the student. Parents/Guardians are responsible to monitor student usage at all times.
- The student and parent/guardian must comply with the manufacturer's terms of service related to the device.
- The student is the only individual allowed to use the electronic device, except that the parent/guardian may assist the student in using the device for academic purposes.
- Electronic devices must not be left unattended. The user is responsible for the device and its peripherals the entire time it is checked out.
- The student is responsible for any damage, whether intentional or accidental. The user will be charged accordingly based on the cost to repair or replace the device.
- The parent/guardian must immediately notify OCS if an electronic device is lost, stolen, or damaged.
- It is recommended that student users save their data to an external data source in the event the device fails.
- Electronic devices should be used on a flat solid surface. No device should be exposed to extreme temperatures or liquids. All devices should be securely put away when not in use.
- The device provided needs to be returned within three days of the conclusion of online instruction.
